FIELD APPLICATION STORY:

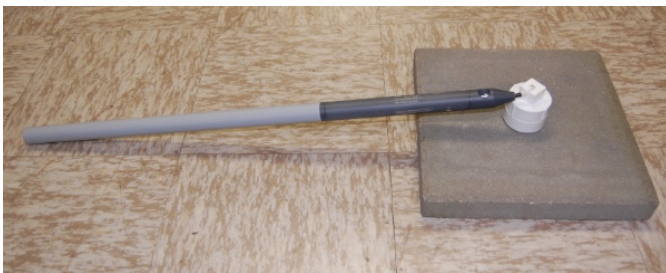

Blue Holes and Hurricanes in the Caribbean

Jeff Donnelly (WHOI) and his research team are looking at blue holes and other geological depressions to learn about hurricane activity and tracks.

Read more here: [BLUE HOLES](#)

DEPLOYMENT TIP:

A **quick-change mount** is a convenient option for deploying tilt current meters without having to remove a meter's lanyard from the anchor itself. You will need some PVC fittings and materials typically found in hardware stores. For detailed instructions download our Quick-Change Mount Application Note here:

[QUICK-CHANGE MOUNT](#)

SOFTWARE UPDATE

New version of MAT Logger Commander Software 1.49b is available. Download it here:

[DOWNLOAD](#)

FIRMWARE UPDATE

Loggers with serial numbers of 1708006 to 1805210 should be updated to the latest version. Click here for more information:
